

How to Install Zoom on a Computer

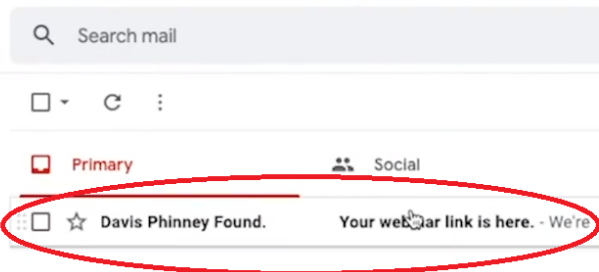

Before using Zoom, you will need to download and install it on your computer. It will take about 5-10 minutes.

After you register for an online program, an email with a Zoom link will be sent to your email address. Follow this tutorial to access and install the Zoom application from the link sent to your email.

When Zoom is finished installing, view *How to Join a Meeting from a Computer* to learn how to view a specific program.

- 1 View your email from your computer and open the email with the program information.

- 2 Click on the link that starts with <https://zoom.us/j/> in the email.

Here is your viewing link:

Here's how to log in:

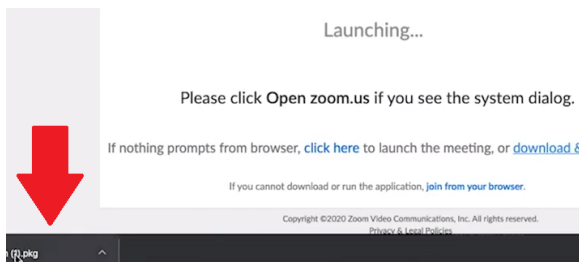

Join from PC, Mac, Linux, iOS or Android:
