

How to Install Zoom on a Smartphone

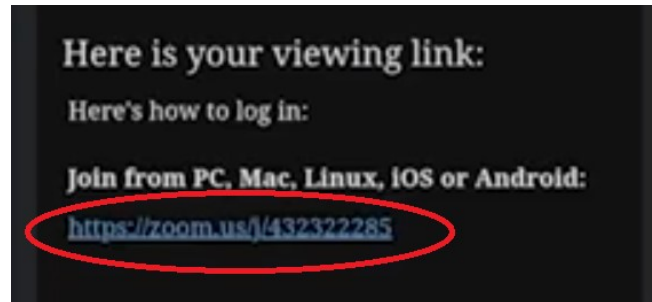

Before using Zoom, you will need to download and install it on your smartphone. This process will take 5-10 minutes, but you will only need to do it one time. When Zoom is finished installing, go to the How to Join a Meeting from a Smartphone section to learn how to access a webinar.

1 Open your email from your smartphone and locate the email with the webinar information.

2 Tap on the link that starts with <https://zoom.us/j/>.

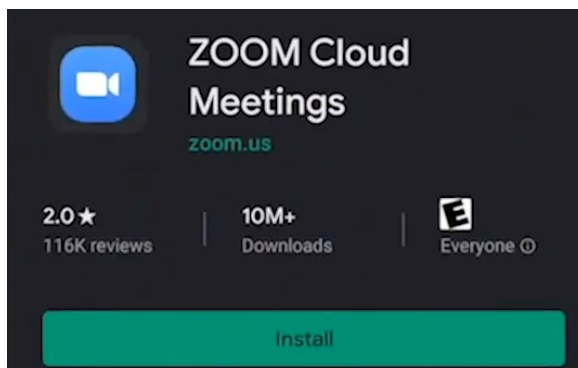

3 Tap on the Download from the Google Play or the App Store button.

First time using Zoom on this device? Please download the Zoom app from the Google Play store or directly from "Download from Zoom" below.

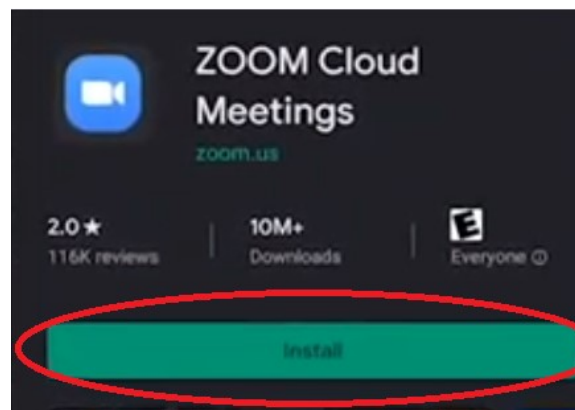

Enter ID: 432322285 after you install the Zoom app.

Download from Google Play

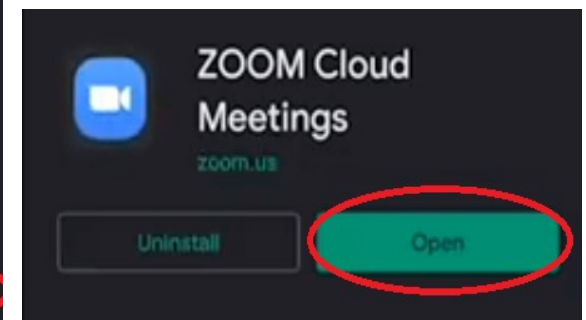

4 The Google Play or App Store will open the Zoom install page.

5 Tap the Install button.

6 Once the app has finished installing, click the Open button.

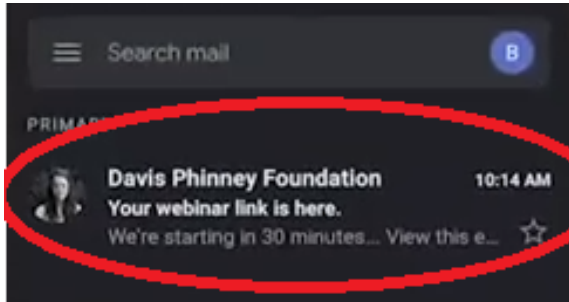

How to Join a Zoom Meeting from a Smartphone

After you have installed Zoom on your smartphone, follow these instructions to learn how to access a video from your email. If you are having trouble opening the video, please contact the host of the webinar.

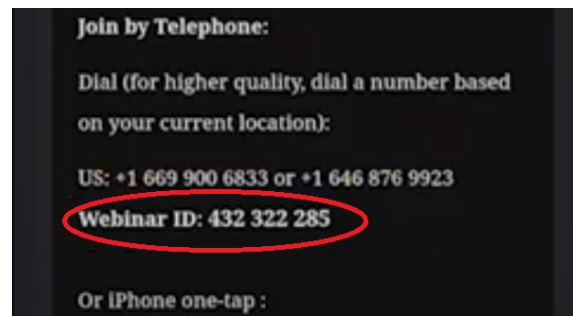

1

Open email from your smartphone and locate the email with the webinar info.

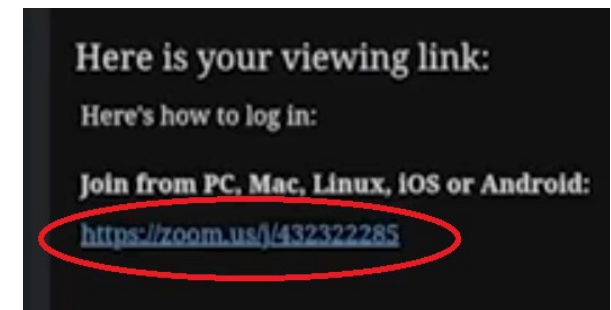

2

Locate the Meeting ID number and write it down.

3

Tap on the link that starts with <https://zoom.us/j/>.

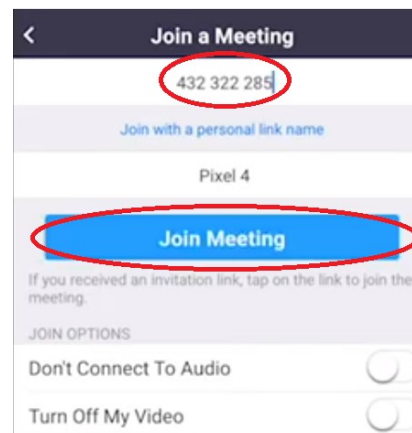

4

Click Join a Meeting at the bottom of the screen.

5

Enter the Meeting ID and tap Join Meeting.

6

Type in your name and email address, then click OK to access the video.
