

# How to Install Zoom on a Tablet or iPad

Before using Zoom, you will need to download and install it on your tablet or iPad. This process will take 5-10 minutes, but you will only need to do it one time. When Zoom is finished installing, go to the How to Join a Meeting from a Tablet or iPad section to learn how to access a webinar.

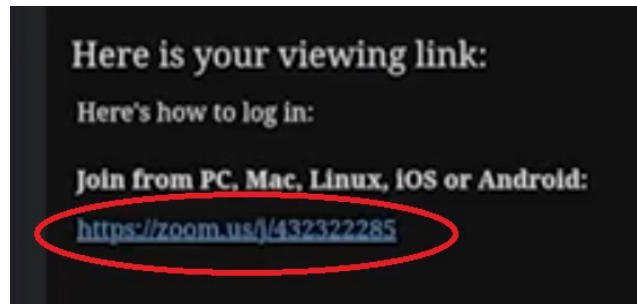

1

Open your email from your smartphone and locate the email with the webinar info.

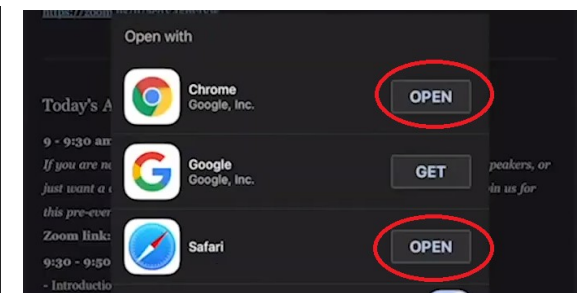

2

Click on the link that starts with <https://zoom.us/j/> in the email.

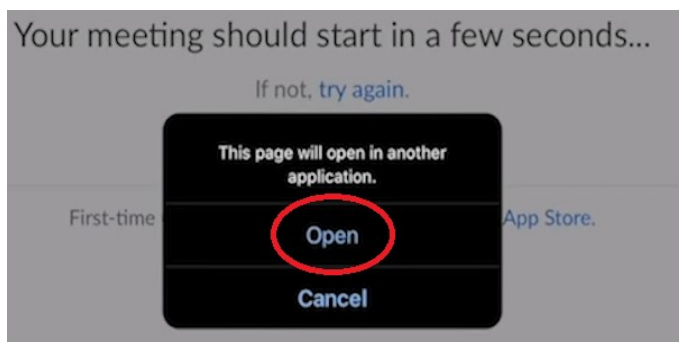

3

An Open with box will appear. Select any one of the buttons that says Open.

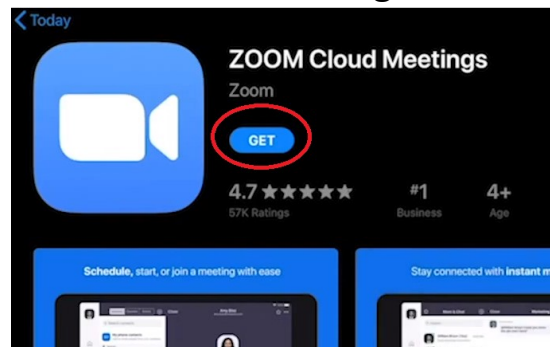

4

You will see a pop-up asking you if you want to open this page. Click Open.

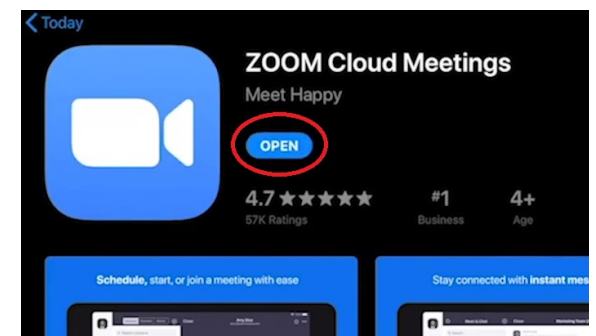

5

The Zoom installation page will open. Click on the Get or Install button to begin install.

6

Once the app has finished installing, click the Open button. Zoom is installed!
